## 👤 PROFILE

Software engineer in Atlanta, GA with a proven track record of creating and implementing successful front and back-end web applications. Looking to bring my talents to a diverse team of awesome developers!

## 📁 PROJECTS

### **Georgia Library Associations' Black Caucus Interest Group**, *website* ↗

GLA-BC leadership will use this website to distribute newsletters, professional development opportunities, and other resources to BIPOC librarians and library paraprofessionals in Georgia.

### **The Stalker State**, *website* ↗

This website is being used to inform others about the stalker state. The Stalker State is the information gathering, storing, and sharing environment we are all immersed in.

### **Character Keeper**, *web application* ↗

Character Keeper is an application that users can use to track character notes for MMOs, table-top games, and more.

\*Note: This application takes a few seconds to load because it is hosted using Heroku's free plan.

## 💼 PROFESSIONAL EXPERIENCE

### **Software Engineer**, *100Devs*

- Collaborate with a team of developers to build modern and responsive web applications using best practices
- Built semantically structured full stack web applications
- Applied agile methodologies like SCRUM for project management

Jan 2021 – Present

Remote

### **Reference Specialist**, *Georgia State University*

Oct 2020 – Jun 2021

Clarkston, GA

- Provided research assistance and answered complex research request for students, faculty, and staff at the service desk, one-on-one research consultations, and via chat.
- Participated in the library's collection development efforts by reviewing and recommending library materials each month.

### **Circulation Services Coordinator**, *Oxford College of Emory University*

Oct 2018 – Aug 2020

Oxford, GA

- Served as the Oxford Library representative on the Emory Libraries' Library Employee Advocacy Forum (LEAF) Committee
- Trained Oxford Library staff and student employees on Alma, library management system, and information desk procedures
- Reviewed, tested, and documented Oxford Library's Terms of Use (TOUs)
- Optimized and created Alma Analytic Reports for Oxford Library staff
